Respected Sir/Madam,

Greetings from India Space Academy.

This is to inform you that **India Space Academy**, in collaboration with **"National Skill Training Institute (NSTI)"** under the **Directorate General of Training (DGT)** and the **Ministry of Skill Development & Entrepreneurship** and **Wegyanik**, is organising an **Integrated Training Program on Rapid Prototyping, Embedded Systems and Automation** for undergraduate and postgraduate students, faculty members, research scholars, and technology enthusiasts.

The programme is designed to provide participants with **Practical Exposure to IoT, Embedded Systems, Rapid Prototyping, CAD Modelling, PCB Design, and Automation Technologies.** Through **Live Online Sessions, Demonstrations, and Hands-On Activities using a Dedicated IoT Kit**, participants will gain the skills required to transform **Innovative Ideas into Functional Prototypes and Real-World Applications.**

Important Updates:-

- **Registration Start Date:** 07 March 2026
- **Registration Last Date:** 07 April 2026
- **Programme Start Date:** 20 April 2026
- **Mode:** Online (Zoom Workplace)
- **Training Fee (Non-Refundable):** ₹2500/- (Including Hands-On Kit)
- **Timing:** 07:00 PM to 08:30 PM
